
pure customized objects

Posted by king303 - 2008/12/29 09:27

hello,

how can i get a list of pure peoplesoft customized objects in peoplesoft.

thanks.

When you do compare report, if it says not in Vanilla version and only in the copy of production, then it is pure customized one.

Example:

DEMO----- PRODUCTION COPY

PS_XXXX----- PS_XXXX-----NO CHANGE
PS_XXXX----- PS_XXXX-(CHANGED)----CUSTOMIZED
----- PS_XXXX-----PURELY CUSTOM
